

Till the sun comes up Wulf

I let my heart dive in the ocean
I found myself a better place
And I got lost in my devotion
Hoping for brighter days
Gone with the wind, the world is ours
I take it in and close my eyes
And catch the waves, I'm heading south
Leave it all behind

I'm gonna stay 'till the sun comes up
Don't wanna go home, oh, this is my home
And when I feel I'm falling apart
Oh, it's a long road but this is my home
Oh-woah-oh-oh, oh-oh, oh-woah-oh
Oh-woah-oh-oh, oh-oh, oh-woah-oh
I'm gonna stay 'till the sun comes up
Don't wanna go home, oh, this is my home

Oh, you remind me of a song
With the melody in harmony
And I could listen to you all day long
I put you on repeat

I'm gonna stay 'till the sun comes up
Don't wanna go home, oh, this is my home
And when I feel I'm falling apart
Oh, it's a long road but this is my home
Oh-woah-oh-oh, oh-oh, oh-woah-oh
Oh-woah-oh-oh, oh-oh, oh-woah-oh
I'm gonna stay 'till the sun comes up
Don't wanna go home, oh, this is my home

Doesn't matter where I am
Doesn't matter where I go
With you it always feels like home
Doesn't matter where I am
Doesn't matter where I go
With you it always feels like home

I'm gonna stay 'till the sun comes up
Don't wanna go home, oh, this is my home
And when I feel I'm falling apart
Oh, it's a long road but this is my home
Oh, this is my home
Oh, this is my home
Oh-woah-oh-oh, oh-oh, oh-woah-oh
Oh-woah-oh-oh, oh-oh, oh-woah-oh
Oh-woah-oh-oh, oh-oh, oh-woah-oh
Oh-woah-oh-oh, oh-oh, oh-woah-oh

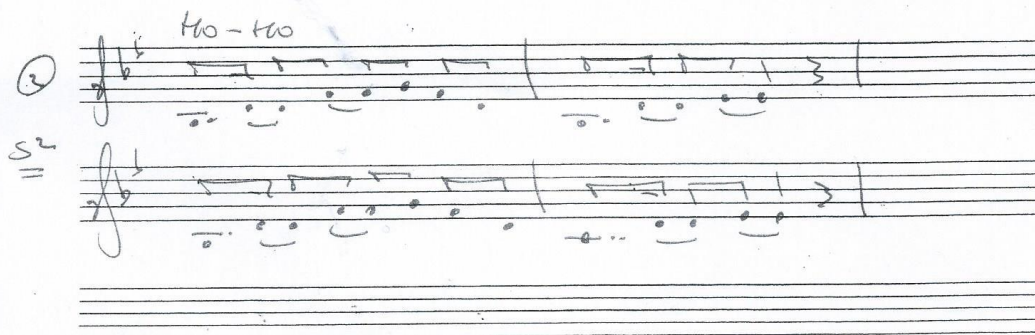

I'm gonna stay 'till the sun comes up
Don't wanna go home, oh, this is our home
